EXPERIENCE

Freelance Frontend Developer — Self-Employed | Jan 2022 – Present | Mumbai, India

- Delivered 14 bespoke web applications for international e-commerce and fintech clients using Next.js and Tailwind CSS.
- Achieved 98+ Google Lighthouse performance scores across all client landings through image CDN pipelines and SSR.
- Authored accessible WCAG AA design systems in Figma and translated them into modular React component libraries.

Contract UI Developer — PixelCraft Studios | June 2021 – Dec 2021 | Remote

- Implemented animated interactive 3D product visualizers using Three.js, React Three Fiber, and WebGL.

PROJECTS

NeoDesign UI Kit | React.js, Tailwind CSS, TypeScript, Figma

Live Demo: https://aarav-designs.dev/neokit

- Published an open-source accessible UI library with 45+ components adopted by 1,200+ GitHub developers.
